

BERNINA 820 Quilter's Edition

Horn Sewing Cabinet
made for BERNINA
and Accessory chest

\$4800

This machine was owned by Judy Burton

and has always been serviced by a BERNINA technician and meticulously kept

The machine was made in Switzerland in August of 2012. It has sewn 2,927,638 stitches and 204.19 hours and has the latest firmware update done by the service technician. It is one of the 8 series created by BERNINA that has a 12" throat/free arm space and integrated dual feed.

All original accessories are included, owner's manual and the BERNINA Stitch Regulator. Additional accessories are 8 dual feed and standard presser feet, 20 bobbins, a walking foot with 3 soles and the 3 volume book set of Features. All three stitch plates, a straight stitch, a 5.5mm and 9mm are included.

The Horn table measures 6' by 4' when fully opened. There is a "bread board" attachment that secures on the open drawer to the left that provides additional work space of 28" by 16" creating a 64" by 28" support for your larger quilting projects. The chest has 3 drawers and sits on castors. A white fabric upholstered office type chair completes the suite.

Several resources are online at BERNINA USA and YouTube to help you master sewing and quilting on this machine.
